

PRAVIN R

Software Developer

+91 9080788066 @pravin.techai@gmail.com www.linkedin.com/in/pravin-r-3b1272342

SUMMARY

- Experienced Software Developer with 3+ years of hands-on expertise in full-stack development.
- Expertise in **Angular (versions 8, 12, and 17)** as a primary skill and **React** as a secondary skill. Proficient in **.NET Core** with **Entity Framework** (Code First approach as primary and DB First approach as secondary), **MS SQL**, and **Web API**.
- Experienced in **Agile methodologies, SDLC, and Continuous Integration/Continuous Deployment (CI/CD)**.
- Known for effective collaboration with testing teams to resolve issues quickly and deliver seamless user experiences.
- Responsible for ensuring code quality, readability, and maintainability by designing, developing, and implementing best practices, along with reporting and executing Unit tests to enhance overall software reliability.

EXPERIENCE

Software Developer

Saint-Gobain 07/2023 - Present Chennai, India

- Successfully led the migration of an application from Angular 12 to 18 and .NET Core 3.1 to 8, while also possessing expertise in transitioning on-premises infrastructure to the cloud.
- Trained freshers and interns to enhance their technical skills and align with business objectives in a corporate environment.
- Implemented lazy loading for performance optimization and utilized reusable components to enhance code reusability and scalability.
- Tracking key performance indicators (KPIs) for the core application to ensure optimal performance and efficiency.
- Aligned with Scrum ceremonies and tracked team progress in JIRA to ensure adherence to sprint commitments and project goals.
- Completed certifications in Angular and Web Development from a professional training institute, and earned the Azure Fundamentals certification through the GUVI platform.
- Resolved over 250+ bugs and 50+ enhancements.
- Improved code quality using SonarQube and ensured gateway compliance to enable successful deployment.
- Possess strong knowledge of CI/CD and version control systems for seamless integration and deployment.
- Collaborated with stakeholders and product owners to gather and clarify requirements, ensuring alignment with business standards.

Application Support Developer

Saint-Gobain 05/2022 - 06/2023 Chennai, India

- Started my IT journey with foundational training that strengthened my core concepts in software development and successfully completed certifications to enhance my technical expertise while staying updated with industry best practices.
- Proficient in the Angular framework and .NET Core for building web applications.
- Provided application support to end users by troubleshooting issues, resolving incidents, and ensuring smooth system functionality to maintain high user satisfaction.

EDUCATION

B.E. – Computer Science and Engineering

EASA College of Engineering and Technology, Coimbatore

2017 - 2021

STRENGTHS

- Angular (8, 12, 17)
- .NET Core (3.1, 8.0)
- MSSQL, Azure Data Store
- Azure

KEY ACHIEVEMENTS

- Migrations (Angular, .NET).
- Performance Optimization.
- Microservice Architecture.
- Client Recognition for Application Quality

SKILLS

TECHNICAL

Angular	.Net Core	SQL	Azure
C#	JavaScript	EF Core	LINQ
RmQ	MinIO	React	SonarQube
Key Vault	Flutter		

TOOLS

VS Code	JIIRA	Postman/Swagger
Azure Portal	GitLab/GitHub
